## INTRODUCING ANDY GREENHOW

Broad Street Ministry's  
Minister for Stewardship,  
Congregational Partnership,  
and Belonging

## WHAT'S ANDY DOING HERE?

Since his title is Minister for Stewardship, Congregational Partnership and Belonging, let's just break it down...

### STEWARDSHIP

- Developing the abundant resources to be found among the congregation.

### CONGREGATIONAL PARTNERSHIP

- Spreading the word about BSM to help other churches and faith communities partner with us and support the good work we do here.

### BELONGING

- Ensuring that BSM's founding idea, that everyone has a place at the table and a role to play in the future that God is preparing for us all, is at the heart of every step we take.
- Preaching once a month and participating in weekly worship.
- Paving the way for you all to formalize your relationship with the church and become members in what we do.

“Andy's arrival here means a new commitment to the health and well being of this congregation. He will deepen and broaden our relationships with partner congregations and ably help steward us into the future God is preparing for us.”

—Bill Golderer, Convening Minister

## SOME THOUGHTS FROM ANDY

“I am so excited to return to BSM as a member of the pastoral staff. My year as a Pastoral Associate changed my thinking, challenged me, affirmed my call to pastoral ministry and pretty much rocked my whole world. Returning to BSM feels like coming home.”

“I can't wait to preach every month and really dive right in and get to know the congregation. I love looking around during Sunday worship and seeing the incredible mix of people present. It is nothing less than a representation of God's kingdom in the world.”
